## Q&As:

### ❖ How do I pay off-line?

As we do not accept credit cards on-line, please send your payments:

- **By US Postal Money Order or;**
- **By personal check –**
  - (NOTE: if you paying by personal check Please be aware that any personal checks will delay your order as we must wait for your funds to clear before we ship any merchandise to you. Keep this in mind when you are timing your orders!
  - To complete payment, just print the order form, fill it out, and send it along with the money order or personal check to:

Essentially Chocolate LLC

108 Adams Street

Hoboken, NJ 07030

### ❖ What is your Return / Refund Policy?:

We do not allow for returns or refunds. Every item we sell is custom ordered and is carefully inspected before it is shipped. As packages are chocolate boxes and are not completely “sealed” we cannot accept returns. We are very sorry but returns are not possible as we cannot re-sell any chocolates that would be returned to us for everyone’s safety.

### ❖ When should I order and how is my order processed?:

All orders are custom done. Please email or call us so that we can work on processing your order. **Please allow at least two weeks notice** before any order can be shipped out. We will advise you via email when we can process/have order ready for shipping and delivery according to the size of your order and the dates coordinated which have already been discussed and agreed upon –

NOTE: All orders have to be placed through the order form and then we will contact you upon receipt. Based upon your needs we will be able to set a date for your order – again ***please give a minimum of two weeks notice.***

Remember everything is custom made and nothing is kept in stock! Your order is always freshly made.

Regarding Holiday seasons we will happily coordinate a schedule for your items to be shipped/delivered. During Holiday season allow at least 3-4 weeks notice.

**For Corporate (*large*) orders please call us prior to season.**

❖ **Shipping and Handling:**

Essentially Chocolate is not responsible for shipping delays caused by any company that maybe used, such as, UPS, DHL, Fed Ex or any other shipping service due to weather or other circumstances beyond our control.

**Keep in mind all orders require a street address and phone number and may not be shipped to P.O. boxes.** Please make sure someone will be at home to accept the package. ***The package will not be left at the delivery address without a signature.***

**Can UPS leave the package without a signature?**

It is always up to the discretion of the driver, but you can add a note to the package that requests UPS to leave the package on the first attempt with no signature. If your driver usually leaves your packages without a signature, chances are that he or she will probably leave your package. If your driver usually requires a signature, he or she will probably require a signature with this package as well. Another option is Saturday delivery, which is \$35.00 over the cost of ground shipping.

Essentially Chocolate will not be responsible for packages that are returned to us as undeliverable - the customer will still be charged. If a returned package needs to be shipped out a second time, the customer will incur a second shipping charge. If still returned, the item(s) cannot be refunded and so the customer will have to pay to have the item(s) delivered to them.

Weather conditions and delivery area will dictate how orders are packed for shipping. During the colder winter months, orders being sent to cold weather states may ship without gel packs, depending on the weather conditions at the time of shipment. Orders being shipped to warm weather states and during the summer months are generally packed with ice/gel packs and require a faster shipping rate. Please be aware that Essentially Chocolate will not be responsible for temperature damage to packages shipped over a weekend. ***Please be aware that by choosing to ship over a weekend, you are assuming responsibility for the integrity of the package as it will be in transit longer than recommended.***

❖ **ALLERGY WARNING:**

**Some products and some custom made items** by the Chef **DO CONTAIN nuts or nut oils, etc.** If purchasing an item – each item packaged in the gourmet shop has an ingredient list. **We do use** nuts and nut oils in our facility so if you have any type of nut allergy, please be careful and or refrain entirely from eating any of our products. Though we do not make nut products at the same time as other products, for some control, we cannot make any guarantee that no traces of these ingredients will not reside.

Should you have any allergy concerns and are placing an order you can email us a special request that certain chocolates not be made in your order and also not placed in the same box. Please email and or call us regarding any such special requests, otherwise a box of chocolates may come mixed.
